MEMORANDUM FOR: Deputy Director for Administration

FROM:

[REDACTED]  
Director of Security

SUBJECT: National Security Decision Directive 19 -  
Implementation

1. Attached are the following drafts relating to implementation of National Security Decision Directive 19 (NSDD-19):

a. Headquarters Notice for DCI signature announcing CIA implementation of NSDD-19. (Tab A)

b. Headquarters Regulations establishing control procedures for NSC Information. (Tab B)

c. Revision of Public Affairs Headquarters Regulations making DDCI or Executive Director the approving official for briefings, interviews or visits by the media and providing for the Office of Security to receive copies of all reports of media contact.

[REDACTED] (Tab C)

2. There appears to be no need for any change in 10-Series regulations, as pointed out in the draft Headquarters Notice. We have existing procedures which appear to meet the requirements of NSDD-19. A copy of NSDD-19 and implementing restrictions are also attached (Tab D).

3. Attached at Tab E is a copy of Form 4193, Nondisclosure Agreement, with a proposal for inserting a provision agreeing to polygraph examination in the event of an unauthorized disclosure of SCI information to which the signer has had access. This addition was made after consultation with the DDI, who indicated the DCI and DDCI would find this mechanism preferable to the cumbersome process of obtaining signatures of all readers on cover sheets. This has some potential for adverse reaction in the Community, especially if the change comes as a complete surprise. Although Form 4193 is a CIA form, it is used throughout the Community as a standard SCI access agreement. The DDCI should be advised that he may wish to consider some advance consultation.

ALL PORTIONS OF THIS DOCUMENT  
ARE CLASSIFIED CONFIDENTIAL

4. The DCI Security Committee is proceeding independently with a plan for NSDD-19 implementation in the Community. We are keeping an eye on developments and will advise you of significant developments.

5. Your approval is requested to proceed with all the above matters within the purview of the Office of Security.
